

Paying fees whilst ill or injured

Gymnasts are required to pay full fees regardless of attendance, however in cases of long-term injury or illness we will do the following:

Squad Gymnast Injury

Each injury will be assessed on an individual basis.

- Estimated one month or longer: Personal coaches will provide a plan of what training (if any) can be continued whilst injured. It is the expectation that squad gymnasts attend training whilst injured so that they can continue rehab and try to maintain a base level of conditioning and flexibility.

The General Manager will set the fees based on the coaches training plan.

- Estimated less than one month: Fees will be charged as normal

GfA Gymnast Injury

GfA gymnasts don't usually attend sessions whilst injured

- Estimated one month or longer: No fees will be charged
- Estimated less than one month: Fees will be charged as normal

Illness (all gymnasts)

- Estimated one month or longer: If a gymnast has an illness that prevents them from attending training for one month or longer, no fees will be charged
- Estimated less than one month: Fees will be charged as normal

In all cases the General Manager will make a decision on which fees to be charged. If you are unhappy with a decision you can speak to a Director who will review the decision.
